**MATERIAL FABRICATORS OF BUELLTON, CALIF. RECEIVES SAFETY AWARD OF HONOR
FROM FABRICATORS & MANUFACTURERS**

5/7/14 -- Material Fabricators of Buellton, Calif. was recently chosen to receive a 2014 Safety Award of Honor from the Fabricators & Manufacturers Association, International (FMA). Open to all FMA and Tube & Pipe International (TPA) company members, the FMA/CNA Annual Safety Awards recognize metal fabrication companies that adhere to excellence in safety.

Sponsored by CNA, the endorsed business insurance carrier for FMA, the Awards are designed to promote safety in the industry; and winners are selected by the FMA Safety Council. The Safety Award of Honor is given to companies having perfect safety records of no recordable injuries or illnesses for the reporting period.

“On behalf of the FMA, I congratulate Material Fabricators on winning a Safety Award of Honor,” said Edward Youdell, president and CEO of FMA. “This year’s winning companies all share similar attitudes and values towards safety and safe work environments for their employees all while making quality products and running successful manufacturing operations. FMA, along with its preferred business insurance carrier CNA, are proud to recognize these manufacturers for their outstanding achievements in the area of safety.”

To be eligible to receive recognition, companies were required to submit OSHA Form 300A, Summary of Work-Related Injuries and Illnesses, for the period Jan. 1, 2013, through Dec. 31, 2013. Firms of all sizes were eligible. Winners were selected based on North American Industry Classification System (NAICS) code categories and BLS injury and illness incidence rates.

The awards were presented at the FMA Safety Conference on April 23, 2014.

About Material Fabricators

Established in 1946, Material Fabricators has become one of the most trusted suppliers of high precision shims, non-standard washers, custom metal stampings, custom gaskets, and electrical insulators in the industry.
